

CIM 300: INDIVIDUALIZED MAJOR CAPSTONE PROJECT

The student completing an Individualized Major is required to register for this non-departmental course in the spring or the student's junior year to be pursued in the fall of the senior year. This course encompasses the student's senior capstone project that connects all three disciplines of the student's Individualized Major. The capstone project must be approved by the student's Individualized Major committee before registering. Capstone.
