

SPN 203 : SPANISH FOR HERITAGE SPEAKERS

This course is designed to review Spanish grammar and improve writing focusing on bilingual speakers' needs. Based on the identity of the Hispanic community in the United States, this course will complement the language skills of heritage speakers by making them reach a more in-depth knowledge of the language. Entirely taught in Spanish, the course will ultimately raise the students' level of sophistication in Spanish as they use the language in more formal contexts.
