

Student Responsibilities

1. **To know the requirements for graduation and be responsible for meeting them. Keep careful track of your progress!**
2. To prepare a tentative course selection **in advance** of consultation with the faculty adviser for registration.
3. To seek the best possible education by planning a course of study that includes both breadth and depth of subject matter and that provides foundations in the intellectual skills associated with an educated person.
4. **To seek help as soon as academic problems arise.**
