

EDU 102 : CLINICAL II: EARLY CHILDHOOD EDUCATION

This supervised 50-hour clinical is the second of two sequential, incremental clinical experiences for early childhood majors. Students work in a public school setting with a partnership school and observe, manage, plan for and instruct a large group, as opposed to an individual child. The course gives students the experience, practice, and training in technology, arts integration, and classroom management and the application of theory and skills acquired in core courses in early childhood education. This practicum builds on the experiences in EDU 101. All placements are in a partnership school. No placement requests are allowed for this clinical. Offered Fall and Spring Terms.

3.000

EDU 101 and Admission to Teacher Education.
