

Data Science Minor

To earn a minor in data science, students must have a minimum GPA of 2.0 across all of their data science courses. Minor GPAs are based on the grades earned in all data science courses that count in the Converse GPA. Transfer credits from other institutions do not figure into the calculation for minor GPAs; approved data science courses taken at Wofford do count within the minor GPA, under the Converse-Wofford program.

The minor is very flexible and can be a profitable complement to any major in the University. Students in accounting, biology, business, chemistry, economics, or math will find it especially beneficial.

Program: Mathematics

Type: Minor

To minor in data science, a student must take six courses for a total of 19 credit hours. The minor requirements are as follows:

Item #	Title	Credits
MTH 117	DATA SCIENCE I	3
MTH 118	DATA SCIENCE II	3
	STATISTICS OPTION	3-4
CSC 201	INTRODUCTION TO COMPUTER PROGRAMMING	4
	Two Electives Approved by Data Science program coordinator	6
	Total credits:	19-20
