

# Healthcare Administration Minor

The Healthcare Administration minor will expose students to the basics of the healthcare administration field and how the provision of healthcare services affects not only patients but also patients' families, insurance companies, communities, and national policy. The minor is an excellent way to increase student employability and complements other areas of study.

The Healthcare Administration minor is comprised of 21 credit hours of coursework including the following:

**Program:** Healthcare Administration  
Business Administration

**Type:** Minor
